1. Claims 1-5, 7-14 and 16-22 are presented for examination.
2. The following is a quotation of the appropriate paragraphs of 35 USC § 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 8-14 and 16-18 are rejected under 35 USC § 102(b) as being anticipated by Yeager et al., U.S. Patent 5,758,112.

Yeager et al. was cited as a prior art reference in paper number 5, mailed December 9, 2003.

4. The rejections are respectfully maintained and incorporated by reference as set forth in the last office action, paper number 7, mailed April 8, 2004.

5. In the remarks, applicant argues in substance:

5.1. That: "Independent claims 8, 13 and 19 include similar limitations [as amended into claim 1] and are in condition for allowance ..."

This is not found persuasive as to claims 8 and 13 because neither of claims 8 or 13 contain similar limitations to that which claims 1 and 19 were amended by this submission to contain. Accordingly, because the limitations were not inserted into claims 8 and 13, the argued additions can not be relied upon to overcome the rejection.

6. Claims 1-5, 7, and 19-22 allowable over the prior art of record.

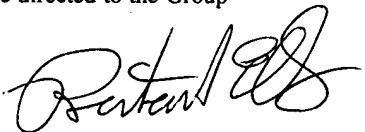

7. A shortened statutory period for response to this action is set to expire 3 (three) months and 0 (zero) days from the mail date of this letter. Failure to respond within the period for response will result in **ABANDONMENT** of the application (see 35 USC 133, MPEP 710.02, 710.02(b)).
